# EN ESTE DOSSIER...

# NORTE DE ESPAÑA

# Wine tourism & gastronomy

Spanish gastronomy is one the best in the world; there are almost 75 wine regions; Spain is the biggest olive oil producer in the world... So gastronomy is best excuse to visit Spain.

Wine tourism is not only visiting wineries but enjoying a place, traditions, culture, landscape. We run the tourism department of different wineries so we can organize any kind of event or activity in them.

You will pair wine with food, music or even the stars. You will play "masterchef" in a vineyard or even produce your own wine.

Picnic and barbecues, Yoga in between vineyards, Gastronomic festivals, and of course, visits to wineries. But wineries that have something to tell.

Pintxos in the Basque Country, tapas in Madrid, Andalucía or Barcelona; Michelin Star Restaurants, showcooking. A food trucks event on the coast.

And not only wine but olive oil, ham, beer and other typical spanish products.

# Spanish Coast and Rivers

Spanish beaches are famous cause weather conditions and waves are perfect to practice any nautical sport. But also kayaking or boatrips can be organize in a river.

We own sailboats and yachts that allow us to offer both boatrips and ocean races. An ocean race is a competition in which captains will teach their teams how to manage the boat if they want to win. A real but not extreme competition to see who is better.

Kayaking in the sea or a river or even play **"Basket Kayak"**: a basket match but in the water. Driving kayas, using the paddles like arms and baskets as your goal. A funny game that depends on weather conditions.

Dive to enjoy the sea floor, swing with dolphins, practice our **"coastering"** in the cliffs.

Surf, windsurf, kitesurf, flyboard, watersky, coastering and all the activities you can imagine.

Let us organize your event at the beach and enjoy sport and gastronomy; music and good feelings; sun and landscapes; sunrise or sunset.

# NATURE IN SPAIN

**Spanish landscapes are really amazing.** Mountains, valleys, vineyards, olive trees... Depending on the región you can enjoy incredible experiences.

**Teambuilding activities,** and challenges that are created according to the likes and characteristics of participants, weather conditions and size of the group.

**Orientation gymkhanas specially design for you:** a challenge in which participants, divided into smaller teams will have to follow the hints to discover the final stop. Before getting each hint the team will have to solve or pass a test.

**Spectacular tour in off-road vehicles.** Combining road, mountain and culture.

**Balloon and helicopter flights,** paragliding, parachuting

Walking, bike, Segway or quad tours; Via Ferrata; Photographic tours and workshops; Caving; Airsoft, paintball; Karts; Archery; **Rock climbing;** Death slides

# Wine & Sea. A unique project

This project is related to the story of some pirates that lived in Basque Country, Rioja and Ribera del Duero; one day they decided to start an amazing trip to Japan. So they took some bottles of wine with them, and some of them fell into the sea. And we wonder... what did it happen to this wine? Would it be possible to drink?

Wine & Sea will take in 3, 4 or 7 days to discover best in Basque Country, Rioja and Ribera del Duero. An unforgettable trip around the coast and the sea.

You will sail, dive or walk through the cliffs to discover the bottles which are aging in the Basque Coast; there you will enjoy the landscapes, gastronomy, pintxos, adventure.

You will visit our wineries in Rioja where you will taste the wines or even try to survive our "scape room" in a cellar. And many more interesting things to discover.

Locations which are very well connected from Madrid or Bilbao and will make the difference.

You will visit our winery in Ribera del Duero and live their traditions, taste the typical "Toasted Lamb" and many more.
